

**Dr. Valeska Padovese**

Dr. Padovese is a Senior Consultant and Clinical Lead at the Genitourinary Clinic in Malta, with a primary clinical and research focus on skin diseases and sexual health in migrants and other vulnerable populations. She has participated in multiple EU funded projects on sexual health in vulnerable groups and served as Principal Investigator for two WHO projects on rapid diagnostic tests for sexually transmitted infections. She is ILDS Special Advisor on Migrants' Health, STIs and HIV and leads the ILDS Migrant Health Working Group. Dr. Padovese is Associate Editor of the British Journal of Dermatology (Global Health and Equity) and BMJ Sexually Transmitted Infections, and was President of the 2023 IUSTI Europe Congress.
